

Ground clamps

Die-cast clamps & cast bronze clamps with copper strap

Die-cast clamps

| Cat. no. | Water pipe size (in.) | Conductor range (AWG) | |
|----------|-----------------------|-----------------------|----------|
| | | Max. | Min. |
| BJ-1 | ½–1 | #2 str. | #10 sol. |
| BJA* | ½–1 | #6 | #8 |

* Not UL listed

Economically priced clamps.

- Made of die-cast zinc alloy with zinc-plated screws
- Model BJA for use with armored cable

Cast bronze clamps with copper strap

Flexible copper strap makes alignment easy.

- For grounding rigid conduit systems
- Same features as “JP” clamp plus flexible copper strap
- Strap helps protect conduit system from water system vibrations
- Furnished with zinc-plated screws

| Cat. no. | Conduit size (in.) | Water pipe size (in.) | Conductor range (AWG) | |
|----------|--------------------|-----------------------|-----------------------|----------|
| | | | Max. | Min. |
| JPS-12 | ½ | ½–1 | #6 sol. | #10 sol. |
| JPS-34 | ¾ | ½–1 | 2/0 str. | #10 sol. |
| JPS-1 | 1 | ½–1 | 3/0 str. | #10 sol. |

Add suffix C to cat. no. to specify plating.
