

# Trac-Lites™ | Line Voltage Spotlights

## Universal & Flared Gimbals

### Universal

Simplicity and flexibility in a tight-to-the-track design head the list of key features of the Trac-Lites™ Universal fixtures. Use PAR20 lamps for the smallest footprint or PAR30 lamps if more light is desired.

### Flared Gimbals

A compact and contemporary appearance is dynamically achieved with the tight-to-the-track Flared Gimbal series. The semi-exposed lamp design gives the fixture a lighter, open aesthetic, similar to traditional gimbal ring fixtures but with a little extra flare. Front relamping is a key feature of the Flared Gimbal series.
