

Screw Cover Junction Boxes

Type 1

Application

- Designed for use as a junction box or pull box.
- For indoor use to provide protection against contact with enclosed equipment where moisture and dust are not a problem.

Construction

- Enclosure and cover are manufactured from 16, 14, or 12 gauge steel.
- Available with or without knockouts. Rectangular units have knockouts on all four sides; square units have knockouts on just two sides. For no knockouts, refer to suffix **-NK** in catalog number.
- Available with or without paint. For no paint, refer to suffix **-NP** in catalog number. Unpainted enclosures are made from galvanized steel.
- Covers have teardrop slots for easy installation and are attached to body with plated screws.
- Grounding emboss provided with green plated grounding screw.
- Holes are incorporated into the back of enclosure for mounting.

Finish

- ANSI 61 gray polyester powder coating inside and out unless otherwise specified.

Accessories

- Replacement covers: see Covers, pg. 12.
- Touch-up paint: see Accessories, pg. 50.
- Wood back panels: see Panels, pg. 30.
- Replacement screws: see Accessories, pg. 50.

Please consult serving utility for their requirements prior to ordering or installing, as specifications and approvals vary by utility, and may require local electrical inspector approval. All installations must be installed by a licensed electrician and must comply with all national and local codes, laws and regulations. Milbank reserves the right to make changes in specifications and features shown without notice or obligation.
