 TT500.B4 - 1/2" Tom 2-Way Connector Qty. 400

LEVEL JACK

HOW DOES IT WORK?

Alignment tabs reach across wood/metal studs to level low voltage outlets with A.C. boxes.

NO TAPE MEASURE • NO LEVEL REQUIRED

Available in 1/2" and 1" rise

If you're fussy about your rough-in layout, the Level Jack makes life easy. If you're not, no one will notice because you can't screw up with the Level Jack.

Just clip it on to the AC box and screw it down. No level, no tape measure, no special boxes, no special fittings required. Level Jacks fit most AC boxes.

Part#
 LJ50R - 1/2" (30 pack)
